SUMMARY

Highly motivated and detail-oriented Full Stack Developer with a passion for building dynamic, user-friendly web applications. Proficient in both front-end and back-end development, with expertise in HTML, CSS, JavaScript, Bootstrap, Tailwind, SASS, Python, Django. Experienced in version control using Git and GitHub. Adept at tackling complex challenges and delivering high-quality, scalable solutions. Committed to staying current with industry trends and best practices to continuously grow as a developer.

SKILLS

Languages: HTML ,CSS , JavaScript ,Python ,SQL
Frameworks: Bootstrap , Tailwindcss , Django
Database: MySql
Tools and Technologies: Git and GitHub , Vs Code

EXPERIENCE / TRAINING

Python Full Stack Development

09/2024 – 05/2025

A Python Full Stack Developer possesses a versatile skill set that spans both frontend and backend development, enabling the creation of complete, scalable web applications. On the frontend, expertise in HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, allows for the design of dynamic, responsive, and user-friendly interfaces. For the backend, proficiency in Python and frameworks like Django ensures the development of robust server-side logic, RESTful APIs, and efficient database management using systems like PostgreSQL, MySQL, or SQLite.

PROJECTS

Personal Portfolio Website

The portfolio serves as a central hub for demonstrating technical expertise, creativity, to deliver web solutions. [SourceCode](#)

- . Developed a fully responsive and interactive personal portfolio website to showcase projects, skills, and professional experience.
- . Designed with a clean, modern UI using HTML, CSS, JavaScript, and Bootstrap for seamless responsiveness across devices. Integrated dynamic content and animations to enhance user engagement.
- . Implemented Git for version control and deployed the website using Netlify for live accessibility.

Blog Website

A blog website is a platform where users can create, publish, and manage content as blog posts. [SourceCode](#)

- . Designed and developed a fully functional blog website to enable users to create, read, update, and delete blog posts.
- . Built the front-end using HTML, CSS, JavaScript, and Bootstrap for a responsive and visually appealing user interface.
- . Developed the back-end with Python and Django, leveraging Django's built-in admin panel for easy content management.

E-Commerce Template

E-commerce website to facilitate online shopping, featuring product listings and secure checkout functionality. [SourceCode](#)

- . Designed an intuitive and responsive user interface using HTML, CSS, JavaScript, and Tailwind to ensure seamless navigation across devices.

EDUCATION

Bachelor of Technology - Computer Science and Engineering

Bansal Institute of Engineering and Technology, Lucknow

08/2020 - 07/2024

CGPA: 7.57/10.0

Class 12th

RP Kisan Inter Colleg Mandaf Gonda

06/2018 - 06/2019

Percentage: 62.8

Class 10th

Govind Prasad Shukla IC Gaura Chauki Gonda

06/2016 - 06/2017

Percentage: 75.66

INTERESTS

- . Building personal coding projects.
- . Photography.
